CHARITY OF THE MONTH

GRASSROOTS ENVIRONMENTAL EDUCATION

GRASSROOTS
Environmental
Education

The mission of Grassroots Environmental Education is to inform the public about the health risks of common environmental exposures and to empower individuals to act as catalysts for change in their own communities. Grassroots Environmental Education strives to accomplish this using science-driven arguments for clean air, clean water and a safe food supply, and for stricter regulation of chemical toxins. They believe that positive and lasting change is best accomplished through grassroots initiatives.
